ZX

Kubota Engine:
more
efficient and
eco-friendly

New ZX range: ZX60-4, ZX70-4, ZX80-4, ZX100-4 models with new 81 kW engine

New multifunctional LCD display

Maintenance reminder, password entry, easy load meter, direction indicator ...

Fuel saving

Engine auto-stop function (not active during DPF regeneration) and ECO mode can be selected to reduce fuel consumption by up to 11 %.

Steering axle angle indicator

The display shows the rear tire position every time to help the driver operate the vehicle safely.

Customisable driveability

Idle speed and transmission behaviour can be adjusted to meet operational requirements.

Innovative intake and air cooling system

For improved cooling performance.

Advanced ergonomics

Fingertip control provides extra comfort and precision (optional).

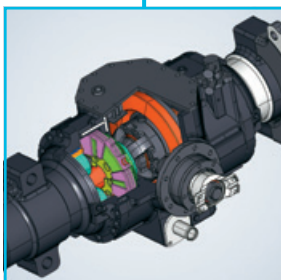

Our new ZX with improved ergonomics runs cleaner and stronger than ever.

The UniCarriers ZX60 to ZX100 forklift trucks have been substantially upgraded to comply with all our customers' requirements for comfort, safety, productivity and efficiency.

Sealed wet brake

Powerful brake performance and maintenance cost reduction.

Easy maintenance

One touch for easy access to maintenance components.

High comfort deluxe cabin (optional)

With ideal visibility and extra low noise operation (76 dBA).

Rear safe zone (optional)

The broad red line ensures pedestrians stay a safe distance away from the truck.

ZX-4-wheel IC counterbalance truck

The UniCarriers ZX is a comfortable heavy-duty counterbalance truck for loads between 6.0–10.0 tons, with straightforward strengths and a world-class diesel engine with 2-speed transmission as standard.

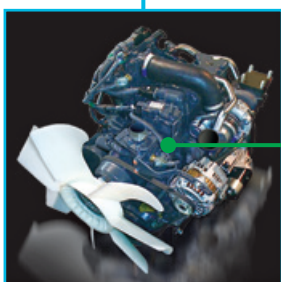

The UniCarriers ZX is a heavy, very robust and high-precision workhorse that will serve you quietly and almost vibration-free. Advanced ergonomics and a host of innovative safety and performance technologies contribute to world-class efficiency, and a wide range of customised options further enhance versatility.

Car-like driving characteristics mean the driver is always in control. Our counterbalance truck ZX features a state-of-the-art diesel engine for maximum efficiency and minimum emissions. An ECO mode further lowers fuel consumption and noise levels. The robust diesel engine with rapid preheating is extremely reliable and easy to start while also meeting stringent environmental requirements.

The truck is easy to service using the integrated diagnostics system for rapid troubleshooting and maximum uptime.

Cutting-edge technology and fuel efficiency

New Kubota V3800 81 kW engine. Compliant with all current regulations.

Power-train protection system

Engine protection in case of overheating. Automatically reduces engine speed in response to engine or transmission overheating.

Model	ZX60	ZX70	ZX80	ZX100
Lifting capacity	6000 kg	7000 kg	8000 kg	10000 kg
Load centre	600 mm			
Truck width	2005 mm	2005 mm	2175 mm	2245 mm
Turning radius	3400 mm	3460 mm	3710 mm	3950 mm
Overhead guard height	2550 mm	2550 mm	2660 mm	2660 mm
Engine power	81 kW			
Length to fork face	3585 mm	3655 mm	4025 mm	4265 mm

Your truck is important. Its operation is most important of all.

That is why UniCarriers 360° is a complete solution for your business, covering service, fleet information, health & safety, training, tools, equipment and financing.

We know how to optimise your operation.

It's all about
the price.
**But what
price?**

Reduce your Total Cost of Operation with UniCarriers

We agree. Price is everything. Or to be more specific: your Total Cost of Operation (TCO). That's why we're so focused on cutting costs and improving your material handling. The truck and its performance play an important role, but this is even more about how we can support you in optimising your warehouse operations to give you the best value for your money. Which – in the long run – is what creates a winner.

UNICARRIERS CORPORATION

UniCarriers Corporation reserves the right to make any changes without notice concerning colours, equipment or specifications detailed in this brochure, or to discontinue individual models. The colours of vehicles delivered may differ slightly from those in this brochure. The specifications vary for different countries depending on local market conditions. Please consult your local dealer to ensure that the vehicle delivered meets your expectations. All values are determined based on the standard condition and may vary, due to motor and system tolerances, condition of the truck and operational conditions. Some equipment shown on photos are optional.
